DETAILED ACTION

Allowable Subject Matter

Claims 1-2 and 4-13 are allowed.

The following is an examiner's statement of reasons for allowance:

The reference (s) of record do not teach or suggest, either singularly or in combination at least the limitation of "a plurality of dielectric regions located on the second surface, each defect threading the crystalline semiconductor layer and having a second end covered by a different one of the dielectric regions, each dielectric region being distant from the other dielectric regions and covering an end of only one threading defect" for claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
